Mr. Eagleburger/The Secretary

July 23, 1975

Time: 7:16 p.m.

RELEASED IN FULL

E: They bought all the changes without much argument. Also the report on Colby for the SFRC -- he is not talking to anybody. Sisco's report isn't correct. Maybe they will have a hearing on Angola next week but nobody has briefed him.

K: What do you think will happen now?

E: The Synder thing will be a tempest in a tea pot. In my opinion you shouldn't say anything publicly just way it is worth 15 minutes of your time. Do you want me to wire Helms?

K: No.
